SURAJ SCHOOL

ONE SCHOOL. MANY LAUNCHPADS.

Founded by Sh. Jagdish Prasad in the memory of his beloved father Late Sh. Suraj Bhan Yadav in 1998, the Suraj Education Group was established to introduce a new dimension of education in Haryana.

Over the years, we have distinguished ourselves with our vision, dedication to excellence and consistency in performance. However, the biggest difference lies in our approach : We don't believe in admitting only the brightest, but the one with potential, sincerity and a willingness to learn. Sculpting diamonds out of raw talent, we believe, is our job. And, since inception, we have excelled at it. Our bigger goal is to nurture talent and create opportunities for the children of Haryana and empower them to rise on a global platform.

The tradition of providing the ideal launchpad for children to learn, blossom and excel has steadily strengthened over the years, impacting thousands of young lives. Today, our robust and growing network of schools across Haryana is known for inspired environment, robust learning infrastructure, world class facilities, focus on all-round development and consistent top ranking in major exams – both at Haryana level and national level.

SURAJ Group of Schools
The education centres of excellence.

The Suraj Education Group runs schools at Rewari, Kosli, Pataudi, Bawal, Bhiwadi, Mahendargarh and Gurugram. It also has an Engineering & Management College, and a College of Education at Mahendergarh. In Gurugram, there are two branches of Suraj School and also a Degree College.

What's common to every institution under the Group is the distinctive community atmosphere we foster to promote study and personal development. Be it infrastructure, curriculum, mentors, a harmonious and stimulating environment, we believe in giving our students access to the best – to empower them with a distinctive global edge.

It's no surprise therefore that the Group has positioned itself as a pioneer amongst the academic, teacher and parent community alike, even as it has relentlessly carried on its vision of global leadership.

EXCELLENCE IN

CURRICULUM THAT STRENGTHENS THE LEARNING EXPERIENCE FOR STUDENTS.

The holistic, child-centred educational framework at Suraj School optimally promotes self-development and creativity in a stress free and stimulating atmosphere. The 360° approach gives our children an opportunity to know themselves by discovering their talents, ignites their goals, and drives them to imbibe the knowledge required to lead a successful life. While encouraging a spirit of initiative and values in children, we help to promote confidence, direction and critical thinking skills. This leads to the development of well adjusted, adaptable and integrated personalities in every child.

The curriculum at Suraj follows the integrated education that enables students to have:

- Development of the inner and interpersonal self
- Development of physical with emotional and social self
- Correlate knowledge with creative expressions by formal and informal ideas.
- Bridging of languages, science, reasoning, mathematics, communication, sports, life skills, academic standards, board examinations, entrance examinations and praiseworthy character for a life of service.

The outcome is an overall development of a child which results in the formation of a 'Sarva Guna Sampanna' personality.
